Franziska

RIPE89 Plenary PC Stats

| Plenary talks | 37 Submissions | 15 Accepted |
| Plenary talks | 37 Submissions | 15 Accepted |

Plenary talks

37 Submissions — 15 Accepted

BoFs

2 Submissions — 2 Accepted

Tutorials

3 Submissions — 2 Accepted

Lightning Talks

16 Submissions — 8 Accepted(*)

Changes from RIPE88

- Explanation on **why** talks were rejected

  - It helps create more awareness

  - If after first deadline, there's a chance to re-submit

- New document: **RIPE-829**

- Updated submission guidelines

RIPE-829

- RIPE Programme Committee Charter

- Changes include:

  - Removed reference to ENOG representative

  - A better definition of the different roles inside the PC

  - Potential financial support availability

New submission guidelines

https://ripe89.ripe.net/submit-topic/preparing-presentations/

Will using AI make your submission better?

No,

with some exceptions

https://ripe89.ripe.net/submit-topic/preparing-presentations/

When AI will help your presentation

- AI can help when you use it to:

    - do spell check/grammar/autocomplete

    - write text that a human rewrites

- AI does **not** help when you use it to:

    - make AI art (distracting errors, possible IP issues for you)

    - write final text (long, boring, IP again)

    - do graphic design (hard to read)

Lightning talks

- We still have **slots** open for **Friday**

- If you have an idea, talk to us and/or submit
  - https://ripe89.ripe.net/submit-topic/cfp/

- Please, include slides, even if basic

RIPE PC Elections

- **Two seats** up for election

- Nominate yourself or someone else until
  - **Tuesday 29th October, 15:30 UTC+1**

- Voting takes place from 29th October until
  - **Thursday 31st October, 17:00 UTC+1**

- Results are announced during the **closing plenary 1st November**
