Dear Address Policy WG,

Thanks for reviewing the draft minutes and requesting improvements.

The RIPE NCC has updated the draft minutes to link to the ASO website, where you can find details of the ICP-2 process Hervé described. They have also added links to the chat transcripts.

We'll finalise the RIPE 88 minutes at RIPE 89.

Kind regards,

Leo Vegoda, for the Address Policy WG co-chairs

Dear Address Policy WG,

We've received the minutes of the RIPE 88 meeting and the RIPE NCC has published them for your review.

<https://www.ripe.net/community/wg/active-wg/ap/minutes/ripe-88-address-polic...>

We'd like to thank Adonis and Alun from the RIPE NCC for preparing the draft for us.

Please review the minutes and provide feedback if you think there is something missing or incorrect.

Kind regards,

Leo Vegoda, for the Address Policy WG co-chairs

## Address Policy Working Group

The Address Policy Working Group develops policies relating to the allocation and registration of Internet number resources (IPv4 and IPv6 addresses and ASNs) by the RIPE NCC and its members. Anyone with an interest in Internet numbering issues is welcome to observe, participate and contribute to the WG. To post a message to the list, send an email to [address-policy-wg@ripe.net](mailto:address-policy-wg@ripe.net). Please note that only subscribers can post messages.
